TO THE IBX PUBLIC WORKSHOP

WELCOME TO THE IBX PUBLIC WORKSHOP

The purpose of this workshop is to hear from you, the future IBX rider. Throughout the workshop we want you to learn about the project, participate in activities, share input, and connect directly with the project team.

Please feel free to move through the different rooms at your own pace and participate in the stations that interest you.

Here is an overview of what you will find in each room: → → →

*

Welcome area

This is the entrance and starting point of the public workshop.

Sign in, pick up materials, and get oriented to the meeting format before exploring each room.

1

IBX 101

ROOM: 01

Get to know the IBX project. This room provides an overview of IBX including what it is, why it's needed, and where we are in the project process.

Activities:

- Learn about the IBX project through display boards.
- Get your questions answered by members of the project team.

2

User experience

ROOM: 02

Share your experiences using transit and moving through your neighborhood. This room gathers your feedback, which will be used to inform design and decisions about IBX.

Activities:

- Tell us about your needs and experiences as a transit rider.

3

Station design

ROOM: 03

This room is all about IBX station design. See what our design team is currently working on and provide feedback on what you want to see at a station.

Activity:

- Tell us what station features matter most to you.

4

Urban realm

ROOM: 04

What do you want to see and feel on your walk to and from the IBX stations? This room is about how stations will connect to the communities they are in.

Activity:

- Design your ideal commute to an IBX station.
- Help identify obstacles you experience in the project corridor through the corridor mapping activity.

5

Vehicles

ROOM: 05

In this room you will learn about the design of the future IBX vehicles and provide input on what you'd like to see on the new trains.

Activities:

- Learn more about future IBX vehicles.
- Share your preferences for on-board amenities.
- Test out example seats and give us your feedback.
